

8th City Council District

Melissa Mark Viverito (WF)

Hi, I'm Councilwoman Melissa Mark Viverito, I represent Bronx and Manhattan in the eighth council district in the New York City Council, which includes the Mott Haven section in the Bronx, and East Harlem in Manhattan. I'm so honored to represent the working families in our community, and to represent you.

Every day, I'm inspired to serve you and represent your voice in government. Now, I'm running for re-election so I can continue delivering results on the issues that matter: job creation, affordable housing, access to healthcare, great public schools, and economic and social justice for all. I currently represent the most public housing units of any member of the city council. I've fought for tenant protections and affordable housing in our neighborhoods. As your councilwoman, I have created and preserved hundreds of affordable units and allocated millions of dollars for upgrades to developments in our community.

I have fought side by side with members of our community — with you — to ensure our students have the best facilities available and I've successfully worked to keep schools open, directing over five million dollars and securing science labs, playgrounds and technology upgrades to more than 40 schools.

I have been a leader in the city council, bringing participatory budgeting to our community so that you can decide how your tax dollars are being spent and I can't wait to introduce this to the new parts of our district.

These real investments make a difference for the families who call our community home.
