

## **31st City Council District**

**Ricardo A. Brown (D)**

Hi my name is Ricardo Brown, I am a Certified Public Accountant. I am President and CEO of Brown Young & Company, and I am running for City Council.

Some of the key needs in my district include:

- (1) Re building the areas affected by Sandy while creating a greater accountability surrounding the use of FEMA funds.
- (2) Jobs for the Youth including volunteer services for those still studying.
- (3) Access to quality care and more recreation for Seniors.
- (4) Expanded services for our men and women serving in the armed services.

Other important issues I will address when elected are:

- (1) Greater collaboration between the community and the police.
- (2) Creating a civilian patrol team in each section of the district organized by the local Associations.
- (3) Increased efforts by DEP to clean up the drainage in the community to reduce flooding.

I am the best candidate for this office because of my executive and business skills. I know how to create jobs and develop people's skills and talent so they can reach their potential. I understand that working families need services. They need better schools and safer streets. They need to know that their children and elderly parents who are retired have access to quality care and recreational activities in their communities. This is the reason I am running for City Council. Join me in my campaign to improve the services we provide.
